Defend Democracy ICT, along with our friends from Sedgwick County Young Democrats, Leading Kansas, and other individual community organizers, are coming together to host No Kings Day 3.0 in Wichita, Kansas.

RSVP via tinyurl.com/nokingsict2026

March 22, 2026

As you seat yourself, please leave one empty chair between your party and the next one for social distance.

The Seven Principles of Unitarian Universalism:

- The inherent worth and dignity of every person.
- Justice, equity and compassion in human relations.
- Acceptance of one another and encouragement to spiritual growth in our congregations.
- A free and responsible search for truth and meaning.
- The right of conscience and the use of the democratic process within our congregations and in society at large.
- The goal of world community with peace, liberty, and justice for all.
- Respect for the interdependent web of all existence of which we are a part.

Postlude *Somewhere Over the Rainbow* Harold Arlen and Yip
Harburg

First Unitarian Universalist Church of Wichita honors the principle of freedom of the pulpit. In keeping with that principle, the views expressed by the presenters or congregants are solely their personal opinions. While we acknowledge the ideas and opinions of every individual, this church does not endorse any point of view or political choice.

First UU Church is open for all services and activities regardless of your vaccination status, the Board strongly recommends that all of us be vaccinated and asks that we continue to practice social distancing, when possible, especially when around members and friends who are still opting to wear masks. Online Zoom access is provided for those who cannot attend services or events in person.

Fellowship Time is for refreshments and conversation. All invited to stay after the service for coffee and fellowship.

Children's Religious Exploration

This March, our children and youth will practice the superpower of Paying Attention! With so much happening around us every day, learning how to really notice what's important can make a big difference — for ourselves, for others, and for the world. Throughout the month, we'll explore how paying attention helps us see the impact we have on those around us, notice when things aren't fair, and take small actions that make a big difference. We'll also practice tuning in to the present moment, inspired by traditions like Buddhism, and learn how slowing down can help us notice the little joys, the needs of the world around us, and the wisdom inside ourselves.
